## Open Ground Poplars & Willows

Winter only. Supplied bare-rooted in bundles of 25. Packaging and freight by negotiation.

<i>Plant</i>	<i>Grade</i>	<i>Orders Taken</i>	<i>Ask for Price</i>
Populus Argyle	1.5m	Fast growing, cold tolerant cultivar. Shelter. Soil conservation. Hard bark resists stock. Not suitable for high wind sites.	
Populus Crows Nest	1.5m	Rust resistant narrow shelter belt. Drought tolerant. Best in drier climates.	
Populus Kawa	1.5m	Narrow crown. Possum resistant. Good soil conservation on slopes. Timber. Firewood. Holds foliage into early winter.	
Populus Lombardy	1.2m-1.5m	Tall columnar tree. Shelter tree. Crows Nest poplar was developed to replace this form.	
Populus Eridano	1.5m	Fast growing. Resistant to rust and leaf spot. Large leaves. Resistant to possum browsing.	
Populus Tasman	1.5m	Timber. Shade. Shelter. Stock fodder.	
Populus Trichocarpa	1.5m	Timber. Shelter. Soil conservation. Performs best with some moisture.	
Populus Veronese	1.5m	Drought and wind tolerant. Excellent soil conservation. Stock fodder.	
Populus yunnanensis	1.5m	Chinese poplar. Soil conservation. Drought resistant. Possum resistant.	
Salix 1040 Tangoio	1.5m	Holds lower branches well. Soil stabilisation. Good wind tolerance. Drought tolerant. Coastal tolerant.	
Salix 1184 Moutere	1.5m	Male clone. Tolerates coastal conditions. Shelter tree requires some moisture. Soil stabilisation.	
Salix Babylonica	0.8-1.2m	Green weeping willow. Attractive to bees. Ornamental shade tree. Tolerates wet soils.	
	1.3m-1.5m+		
Salix Chrysocoma	0.8-1.2m	Golden weeping willow. Picturesque golden form. Green leave in summer. Golden in autumn.	
	1.3m -1.5m+		
Salix Glenmark (Pussy willow)	1.5m	Pussy willow. Tolerates acidic soil. Multi-stemmed vigorous. H 6-8m	
Salix 'Kinuyanagi '	1.5m	Fodder willow. Multiple benefits for farming. Vigorous grower in moist fertile soils. H 6m	
Salix Tortuosa	0.8-1.2m	Tortured willow. Attractive tree for damp soils. Golden autumn colour.	
	1.3m-1.5m+
